SAVEL

More Than Technology

# STP 150

blue bull

## General features

Transfers fuel, form underground tank to the Dispensary. Submersible Pump systems benefits.

+ Cost Reduction.
+ Quiet working environment.
+ Fuel leakage control can be done.
+ Desired high flow rate ratio.
+ Service rate lowering.

Submersible Turbine Pump (STP)

## Technical Specifications

STP150 Submersible Pump Specifications

+ Motor Power: 1.5 HP (1.1KW).
+ Operating Voltage: 220 AC - 50 Hz ( Monofaze ).
+ Maximum flow: 260 L/M.
+ Thermal protector: True
+ Leak detector: Optional.
+ Siphon system: Optional.
+ Ex Marking: Exsd II BT4.
+ Riser: 114mm X 4.8mm X 200mm.
